### CONVENIENCE TRANSLATION OF THE Tic INDEPENDENT AUDITOR'S REPORT ORIGINALLY ISSUED IN TURKISH

### INDEPENDENT AUDITOR'S REPORT

To the Board of the Central Bank of the Republic of Turkey Ankara

We have audited the accompanying financial statements of the Central Bank of the Republic of Turkey (the "Bank") which comprise the balance sheet as of 31 December 2016 and statement of profit or loss, statement of changes in equity and statement of cash flows for the year then ended and a summary of significant accounting policies and other explanatory notes.

### The Bank Management's responsibility for the financial statements

The Bank Management is responsible for the preparation and fair presentation of these financial statements in accordance with the Law of the Central Bank of the Republic of Turkey and related legislation(Note I.A.(2)), and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

### Auditor's responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with International Standards on Auditing. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the entity management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### **Deloitte**

### Opinion

In our opinion, the financial statements present fairly, in all material respects, the financial position of the Bank as at 31 December 2016 and of its financial performance and its cash flows for the year then ended in accordance with the Law of the Central Bank of the Republic of Turkey and related legislation (Note I. A. (2)).

### Additional Paragraph for English Translation

The effect of the differences between the accounting principles summarized in Section I - A - (2) and the accounting principles generally accepted in countries in which the accompanying financial statements are to be distributed and International Financial Reporting Standards ("IFRS") have not been quantified and reflected in the accompanying financial statements. The accounting principles used in the preparation of the accompanying financial statements differ materially from IFRS. Accordingly, the accompanying financial statements are not intended to present the Bank's financial position and results of its operations in accordance with accounting principles generally accepted in such countries of users of the financial statements and IFRS.

### NOTES AND EXPLANATIONS TO THE FINANCIAL STATEMENTS AS OF 31 DECEMBER 2016

(Amounts expressed in thousands of Turkish Lira ("TL"), unless otherwise stated.)

### I. NOTES AND EXPLANATIONS RELATED TO THE BANK AND ITS FINANCIAL STRUCTURE

### A. Notes and explanations related to current year

(1) The financial statements of the Central Bank of the Republic of Turkey ("the Bank") as of 31 December 2016 have not yet been approved by the Board of the Bank.

### (2) Detailed explanations of principal accounting policies applied by the Bank:

The basis of presentation of the financial statements and other accounting policies which are integral part of the accompanying financial statements are as follows:

### i. Basis of Presentation of the Financial Statements

The Bank maintains its books of account and prepares its financial statements in accordance with the Turkish Commercial Code numbered 6102 and Tax Legislation and Law of the Central Bank of the Republic of Turkey numbered 1211 ("Central Bank Law"). According to the 57th and 58th articles of the Central Bank Law, the accounting period of the Bank is the calendar year. At the end of each calendar year, the Bank submits its balance sheet and income statement to the Prime Ministry along with the annual report prior to the General Assembly meeting and publishes the balance sheet in the Official Gazette.

### ii. Accounting Principles

Significant accounting principles applied in the preparation of the financial statements are as follows:

### a. Accounting of Income and Expenses

Interest income and expense that are calculated by using the effective interest rate method are accounted for on an accrual basis.

The effective interest rate method is a method of calculating the amortized cost of a financial asset and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset, or where appropriate a shorter period.

Commissions and service fees collected or paid due to the transaction of CBRT with the domestic and foreign banks, Treasury, public entities and various persons or entities are recognized as income or expense in the period in which they are paid or collected. Income or expense accruals are recognized for those which will be collected or paid in the subsequent period. Commission and service income and expenses are accounted for on an accrual basis or recognized as income and expenses in the income statement in the period in which they are paid or collected depending on their nature.

In accordance with the article 61 of the Central Bank Law amended with the Law No:6009 on 23 July 2010, in the event of a change in the value of the Turkish currency against the foreign currencies and a change in the gold prices in the international markets, the unrealized gains and losses arising from the revaluation of gold, foreign exchange and other assets and liabilities of the Bank those are originated in foreign currencies are classified into "Valuation Account" which is a transitory account on the balance sheet.

The Valuation Account is not considered as income and expense during computation of corporate tax base. Realized foreign exchange gains and losses from foreign currency sales and purchase transactions are reflected to the income statement at the date of transaction.

### NOTES AND EXPLANATIONS TO THE FINANCIAL STATEMENTS AS OF 31 DECEMBER 2016

(Amounts expressed in thousands of Turkish Lira ("TL"), unless otherwise stated.)

### I. NOTES AND EXPLANATIONS RELATED TO THE BANK AND ITS FINANCIAL STRUCTURE (Continued)

### b. Foreign Currency Transactions

The Bank's foreign currency transactions are converted into Turkish Lira over the foreign exchange rates on the date of the transaction. During the preparation of the financial statements, the assets and liabilities in foreign currency accounts are converted into Turkish Lira based on the foreign exchange rates and effective buying rates as of the balance sheet date.

As described in article a. above, according to Article 61 of the Central Bank Law, unrealized foreign exchange gains and losses are presented in "Valuation Account". In case of realization such gains and losses are transferred to profit or loss accounts.

### c. Gold Reserves

Gold reserves of the Bank consists of international standards of gold held in the Bank vault, in overseas banks and in Istanbul Stock Exchange ("BIST") and non-international standard of gold held in the Bank Vault. Gold reserves held abroad for the purpose of reserve management policy are kept in free depots. In addition, gold deposited by banks as the reserve requirement are deposited abroad or at BIST.

Gold is initially recorded with the prices prevailing at the date of acquisition and is valued with fair value in subsequent periods. Fair value is determined monthly based on the average of the gold price quoted at the London Bullion market exchange at 10:30 and 15:00 (2016: 1.159,10 US Dollars/2015: 1.062,25 US Dollars) on the basis of 1 ounce being equal to 31,1035 grams and presented on the balance sheet after being converted to Turkish Lira. Fair value changes of gold reserves both arising from changes in price and exchange rates are accounted for as unrealized gains or losses under "Valuation Account" in accordance with the Article 61 of the Central Bank Law.

As of the end of year 2016, gold rate used in the valuation is TL/ounce 4.079 (2015: TL/ounce 3.089).

### d. Financial Instruments

Securities Portfolio

The securities portfolio consists of directly purchased government bonds and securities purchased under agreements to resell in order to regulate the money supply and liquidity in the economy in line with the monetary policy targets based on the 52<sup>nd</sup> article of the Central Bank Law related with the open market operations. The securities purchased by the Bank on its own account are measured at their fair values. The marketable security portfolio account represents the fair values of these securities. Valuation differences between cost and revalued amount are included in the "3.Foreign Correspondents/3.1 Foreign Currency Securities" and "5.Securities Portfolio" in the balance sheet.

(Amounts expressed in thousands of Turkish Lira ("TL"), unless otherwise stated.)

### I. NOTES AND EXPLANATIONS RELATED TO THE BANK AND ITS FINANCIAL STRUCTURE (Continued)

### d. Financial Instruments (Continued)

Securities Portfolio (Continued)

Fair value of the securities is determined with reference to quoted market prices in BIST; in case the quoted prices are not available fair value is determined using prices declared daily by the Bank and published in the Official Gazette. Foreign securities are valued with fair values determined with reference to quoted market prices in the international markets. Interest accrued during the holding of the securities, are shown as interest income.

Open Market Operations - Securities Purchased Under Agreements to Resell

The transactions of domestic currency securities purchased under agreements to resell are carried out by the Bank within the framework of open market operations.

Loans and Provision for Losses

Loans granted by the Bank, are financial assets generated by lending money to the borrower. These loans are initially recorded as credit risk provision deducted from the cost. Loans and advances are reflected to the records by cash transfers by the debtor.

In case of objective evidence of payment of the amounts that cannot be charged, risk provision is created that is related to fair value of a credit. This amount of the provision is the difference between the carrying value of the loan and the recoverable amounts. The recoverable amount, the amounts recoverable from guarantees and collateral, including cash flows of loans based on the original effective interest rate is the present value discounted.

Provisions made during the period, are recorded in the income statement of the related period. When the date of legal action is completed, the receivables are net-offed by the risks provisions and removed from the financial statements. In the situation where there is a collection of a loan that the Bank has reserved provision for, the collected amount are deducted from the loan risk provision amount and recorded.

### Equity Participations

The Bank classified its investments in the Bank for International Settlements ("BIS"), Society for Worldwide Interbank Financial Telecommunication ("SWIFT"), International Islamic Liquidity Management ("IILM") as equity participations.

Equity participations are initially recorded with their acquisition costs. In subsequent periods to initial recognition, investments in BIS and SWIFT are presented with their fair value, where, IILM investments are presented with its initial cost because of the fact that the fair value of the IILM is not reliably measured.

The fair value of BIS's shares that Bank holds are calculated as 70% the Bank's net asset on the BIS shares and converted to Turkish Lira with TL/SDR exchange rate at the end of the year. This valuation method is the method that determines purchase and sales prices of BIS shares.

The fair value of SWIFT's shares is determined by using the per share value announced by SWIFT.

Income and expenses arising from changes in fair value are recognized under other liabilities. In case of any disposals or impairment of equity participations, gain or loss that is recognized in equity participations value increase fund account under other liabilities is accounted for in the statement of profit or loss.

A dividend related to investments in equity participations are recorded to the statement of profit or loss in the period when the right to receive dividend occurs.

Financial Liabilities

Other financial liabilities are subsequently measured at amortized cost using the effective interest method, with interest expense recognized on an effective yield basis. Foreign exchange deposits by citizens abroad accounts are subsequently measured at amortized cost using the effective interest method, with interest expense recognized on an effective yield basis.

### e. Banknotes in Circulation

According to the article 4 of Central Bank Law, the Bank has the exclusive privilege of issuing banknotes in Turkey. According to the article 36 of Central Bank Law, banknotes in circulation are recognized in "1.Banknotes in Circulation" under liabilities. The Bank may change the banknotes in circulation with the new banknotes, if necessary. Banknotes in circulation are presented at nominal value in the financial statements.

The Bank's semi-finished banknote inventory produced in banknote printing office are presented under "15.Other Assets" at cost. The expenses related to banknotes are capitalized and the banknotes are recorded as expense when the banknotes are transferred to reserve depot. Cost of finished and semi-finished goods consist of general expenses such as; direct cost, depreciation expense, payroll expense, banknote transportation cost and other production cost.

Demonetized Currency - Turkish Lira and New Turkish Lira

The legal circulation period of Turkish Lira banknotes, which were in circulation along with New Turkish Lira banknotes between 1 January 2005 and 31 December 2005 according to provisional article 1 of the Law on the Currency Unit of the Republic of Turkey No:5083, expired as of 31 December 2005 and these banknotes were redeemed during the period of ten years starting from 1 January 2006 until the close of business as at 31 December 2015 which is the end of the 10-year legal redemption period, at the branches of the Bank and T.C. Ziraat Bankası A.Ş. The banknotes expired as of 1 January 2016.

With the Council of Ministers' decision issued in Official Gazette on 5 May 2007, it was decided that the phrase "New" on the New Turkish Lira and New Kuruş that were put into circulation on 1 January 2005, are removed as of 1 January 2009, and Turkish Lira banknotes have been put into circulation as of the same date. Accordingly, the legal circulation period of New Turkish Lira banknotes that were in circulation between 1 January 2009 and 31 December 2009 along with Turkish Lira banknotes expired as of 31 December 2009. New Turkish Lira banknotes will be redeemed during the period of 10 years starting from 1 January 2010 to 31 December 2019 at the Bank and the branches of T.C. Ziraat Bankası A.Ş.

It is most unlikely that significant amounts of demonetized currency will be returned for redemption.

### f. Fixed Assets

Fixed assets consist of land, buildings, fixtures, vehicles and software products.

Property, plant and equipment are carried at cost less accumulated depreciation and any accumulated impairment losses.

Properties in the course of construction for production, supply or administrative purposes are carried at cost, less any recognized impairment loss. Cost includes professional fees. Depreciation of these assets, on the same basis as other property assets, commences when the assets are ready for their intended use.

Depreciation is recognized so as to write off the cost or valuation of assets, other than freehold land and properties under construction, less their residual values over their estimated useful lives, using the straight-line method. The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognized in profit or loss

The depreciation rates of the fixed assets are as follows:

Buildings	2 - 4%
Vehicles, Furniture and Fixture	2 - 50%
Leasehold Improvements	10 - 20%
Software	7-33%

### g. Provisions

Provisions are recognized when the Bank has a present obligation (legal or constructive) as a result of a past event, it is probable that the Bank will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognized as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation.

Provisions include amounts provided for future probable losses in accordance with the article 59 of the Central Bank Law appropriated from the gross annual profit of the Bank based on the decision of the Board of the Bank as well as provisions for money in transit, retirement pay and taxation.

### b. Employment Termination Benefits

According to the Turkish legislation and labor union agreements, employment termination benefits are paid upon the retirement of employees or in the case of layoff. The retirement benefit obligation recognized in the consolidated statement of financial position represents the present value of the defined benefit obligation. The actuarial gains and losses are recognized under actuarial gain/loss account in other liabilities.

<sup>(\*)</sup>It consists of income tax, bank insurance transactions tax, stamp duty and value added tax.

The Bank is subject to Turkish corporate taxes. Provision is made in the accompanying financial statements for the estimated charge based on the Bank's results for the years and periods.

Corporate tax is applied on taxable corporate income, which is calculated from the statutory accounting profit by adding back non-deductible expenses, and by deducting dividends received from resident companies, other exempt income and investment incentives utilized.

The effective tax rate is 20% (2015: 20%).

In Turkey, advance tax returns are filed on a quarterly basis. Advance corporate income tax rate applied in 2016 is 20%. (2015: 20%). Losses can be carried forward for offset against future taxable income for up to 5 years. However, losses cannot be carried back for offset against profits from previous periods.

Furthermore, there is no procedure for a final and definitive agreement on tax assessments. Companies file their tax returns between 1-25 April following the close of the accounting year to which they relate. Tax authorities may, however, examine such returns and the underlying accounting records and may revise assessments within five years.
