

Real Effective Exchange Rate Revision Policy

1. When CPI and PPI data of countries covered in CPI-based RER and Domestic- PPI-based RER is updated in the database of IHS Global Insight,
2. When ULC data of countries covered in ULC based RER is updated by Organisation for Economic Co-operation and Development (OECD) or database of IHS Global Insight,
3. When United Nations COMTRADE Database is updated,

Real Effective Exchange Rates will be subject to revision beginning from the month in which changes occurred.
