(*) Starting from July 2012, the number of Syrian visitors is calculated by subtracting the number of departing Syrians crossing the border Gates of Gaziantep Kargamis, Hatay Cilvegozu and Yayladagi, Kilis Öncüpınar and Şanlıurfa Akçakale from the total number of departing Syrians recorded by the General Directorate of Security.

(**) Due to the Coronavirus (COVID -19) epidemic, the number of border entry/exit data in the second quarter of 2020 differs from the number of departing foreign visitors given in Table 9, as it is largely composed of evacuation and entries/exits with special permission.

(*)There is a difference in scope between the total tourism incomes and expenditures figures published in TURKSTAT's tourism statistics and the travel item in the BOP.

For travel incomes, international transport expenditures of foreign visitors and Turkish citizens residing abroad while making their trips to Türkiye by domestic airlines, mobile phone roaming costs in Türkiye and expenditures on durable goods above the customs threshold are not included; education expenditures of long-term foreign students and expenditures made by the refugees are added to the tourism revenues.

Likewise, for travel expenditures, international transport expenditures of Turkish resident visitors while making their trips abroad by foreign airlines and mobile phone roaming costs abroad are not included. In balance of payments table, international transportation and mobile phone roaming expenditures are not recorded under travel item. They are recorded separately under transportation and telecommunication services items, respectively. □

After the revision announced by TURKSTAT on October 27, 2022, it is not possible to give detail on marina revenues and foreigner/citizen distinction in the total travel revenues.

The table is updated quarterly in accordance with TURKSTAT's Tourism Statistics.

Figures in table may not add up to totals due to rounding.
