

**PRESS RELEASE ON THE REVISED TITLE AND CONTENT OF THE WEEKLY
PRESS BULLETIN**

In order to provide users with more thematic and comprehensive information, the “Weekly Press Bulletin”, which used to be published on our web site via “Data / Periodic Data / Weekly Press Bulletin”, will continue to be published every Thursday at 14:30 hours, yet it will have a revised content and the title “[Weekly Money and Banking Statistics](#)”, as of 31 January 2013. The new publication, which is accessible via “Data / Periodic Data / Weekly Money and Banking Statistics”, consists of 9 tables compiled from the Central Bank and banking system balance sheets. This same link also provides a comparison table for the two publications, which will serve to avoid any data loss on the part of the users.
